

## **ICLEI - Local Governments for Sustainability**

ICLEI - Local Governments for Sustainability is the leading global network of more than 1,500 cities, towns and regions committed to building a sustainable future.

The City of Bologna is member of the network since 1993.

The cooperation of Bologna with ICLEI has been linked in particular to the EcoBudget® issue, i.e. an environmental management system for local governments developed by ICLEI in the '90s.

By the time being, The Environment and Urban Greenery Division of the City of Bologna is working with ICLEI on a 'peer-to-peer' validation process of the project 'Bologna Ambiente Comune' (Bologna Common Environment), concerning environmental sustainability.
